

**PRESIDENT FERDINAND ROMUALDEZ MARCOS JR.'s  
INTERVENTION AT THE 16TH BIMP-EAGA SUMMIT**

Kuala Lumpur Convention Centre, Malaysia

May 27, 2025

[00:00:04]

Your Majesty, Excellencies, distinguished delegates, ladies and gentlemen.

It's a great honor and pleasure that I welcome you to the 16th BIMP-EAGA Summit.

This year's Summit holds a special significance as we mark eight years of quite remarkable progress since the adoption of our Vision 2025. Since 2017, our cooperation has deepened. Our partnerships have delivered tangible benefits for our peoples.

Together, we have laid down stronger foundations for inclusive, sustainable, and innovation-driven growth. Our joint initiatives in connectivity, trade and investment facilitation, food and energy security, ecotourism, and green development have advanced significantly, reinforcing our commitment to narrowing the development gap in our subregion.

As we convene today, let us take this opportunity to not only celebrate these milestones but to also affirm our shared vision for a more integrated, prosperous and resilient BIMP-EAGA.

The path ahead calls for even greater synergy, innovation and political will. I am confident that through our cooperation, we will continue to transform these aspirations that we have held into lasting impact for our peoples.

Thank you and I look forward to a productive summit.

To set the tone of our meeting today, I would like to invite all of us to watch the short video presentation on the 30th anniversary of the BIMP-EAGA Subregional Economic Cooperation.
